SKILLS

- ❖ Languages: Python, C++, Java, SQL
- ❖ Core CS: DSA, OOP, DBMS, Operating Systems, Computer Network
- ❖ Machine Learning: NumPy, Pandas, Scikit-learn, Model Evaluation
- ❖ Data Analytics: Pandas, Matplotlib, Excel, Statistics

EDUCATION

- ❖ B.Tech (CSE) | Bennett University CGPA: 8.93(Current) (2028)
- ❖ Class XII (CBSE) | New Beersheba Public School 87.2% (2024)
- ❖ Class X (CBSE) | New Beersheba Public School 89% (2022)

PROJECTS AND TECHNICAL EXPERIENCE

❖ Multimedia Recommender:

Built a recommender for songs, movies and books using content-based, collaborative and popularity-based filtering.

Evaluated system performance using Recall@10, achieving 0.60 for songs, 0.80 for movies and 0.50 for books.

<https://github.com/Nishant-Devlal/Multimedia-Recommendation-System>

❖ Retrieval Augmented Generation (RAG) Chatbot:

Built an end-to-end RAG pipeline using sentence-transformer embeddings and FAISS for semantic retrieval, followed by FLAN-T5 generation and deployed the application on Streamlit Cloud.
